The following information describes Proposal Items #1 – 4 in detail:

Proposal Item #1: Survey the 10 acres of donated land (This is a portion of parcel 202-04-004F) will cost \$2600.00, with half (\$1300.00) due up front. The balance will be due after the survey is done. The survey should be done by the end of Jan. 2024.

Proposal Item #4: Provide an appraisal for the donated property for tax purposes. The cost of this item will be funded by donations that are in process.

Additionally, once the land survey is completed, the matter of re-establishing drainage related to the property will be researched.

Karen recommended that a Special Committee be formed of members of the Community who bring relevant expertise to advise and support us with the next steps involved in pursuing the current land transfer proposal and its future development. The committee will provide regular updates and recommendations for action no less than monthly prior to the monthly Auxiliary meeting.

A motion was made to form this Special Committee (to be named, the Weaver Mountain Regional Facility Property Committee”). Karen and Chief Bomar will appoint members to this committee, and members of the Auxiliary, while welcome to the meetings, are not required to attend them.

The first meeting for this Special Committee is to be held on January 15th, 2024, at 10AM at the Historic School House.

Peoples Valley Fire Department Auxiliary Committees

Our committees will include the following: Events, Grants & QCOs, and Community Outreach & Membership. These committees will be advisory in nature and centered on discussing ideas, updates, and suggestions focused on bringing proposals and plans to our regular monthly meetings. This Committee structure will provide members with the opportunity to serve on the Auxiliary in a way that is most in line with their interests and play to their strengths, without being overly time consuming. Each Committee should decide committee meeting cadence and structure, with meetings called as needed and a minimum of three members (more is better!) per Committee to include at least one Board member.

We will make time for Committee reports in every monthly meeting as needed, so the full membership is updated, necessary items are voted on, and all members have full opportunity to participate in any & all Auxiliary events, activities, etc. The “Weaver Mountain Regional Facility & Property Committee” is included below as well.
